CAREER OBJECTIVE

Highly motivated Computer Engineering undergraduate with practical knowledge of full stack development including HTML, CSS, JavaScript, React, Node.js, Express, Django, Python programming and a successful track record of coordinating and managing events at the college level. Looking for an entry-level position that will allow me to utilize my skills and solve problems effectively.

SKILLS

1. Technical Skills

- ❖ HTML, CSS, JavaScript
- ❖ React.js (Frontend Development)
- ❖ Node.js, Django, PHP (Backend Development)
- ❖ RESTful API Development
- ❖ Database: MySQL / MongoDB
- ❖ Python Programming
- ❖ Git & GitHub
- ❖ Hardware Knowledge & Troubleshooting

2. Managerial Skills

- ❖ Event Planning & Coordination
- ❖ Team Leadership
- ❖ Communication & Public Speaking
- ❖ Time Management
- ❖ Problem-Solving & Decision Making
- ❖ Task Delegation

PROJECTS

- ❖ **Student Information System (HTML, CSS, JS, PHP, MySQL):** Developed a system to manage student data, attendance, and grades with secure login and admin/user dashboards.
- ❖ **Document Verification System (HTML, CSS, JS, PHP, EasyOCR):** Built a document verification system with OCR-based text extraction and fraud detection.
- ❖ **Banking System (HTML, CSS, JavaScript, Django):** Developed a secure web application with user authentication, transaction handling, and backend integration.
- ❖ **News Portal (React.js):** Built a dynamic news platform with responsive UI and real-time data integration.
- ❖ **Smart Parking System (Arduino, Ultrasonic Sensor, IR Sensor, I2C LCD):** Developed an automated parking solution using sensors for vehicle detection and real-time slot display.
- ❖ **Deltaversity (Node.js) :** Designed and developed a centralized management platform for a UK-based educational institute, enabling efficient management of courses, contacts, blogs, events, and website content administration.
- ❖ **Automatic Number Plate Detection using CNN and LSTM :** Designed to recognize the nepali number plate under Nepali environmental conditions.

EDUCATION

Bachelor of Engineering in Computer Engineering (BE Computer Engineering)
Nepal College of Information Technology (NCIT) | Expected Graduation: 2027

ADDITIONAL SKILLS / STRENGTHS

- ❖ Problem-solving
- ❖ Quick learner
- ❖ Team collaboration
- ❖ Basic hardware troubleshooting

LANGUAGES

- ❖ Nepali (Native)
- ❖ English (Professional Working Proficiency)
- ❖ Hindi (Conversational)

CERTIFICATIONS

- ❖ **Django Development (30 Hours):** Completed training on web development using Django framework
- ❖ **Hardware Fellowship (7 Days):** Hands-on training in basic electronics, sensors, and hardware systems
- ❖ **Prompt Engineering Basics:** Completed foundational course on AI prompt design and usage
- ❖ **Other Certificates:** Participated in multiple technical and managerial events, workshops, and competitions

Leadership, Events & Achievements

Event / Organization	Role	Brief Description
NCIT TechFest	Organizer	Planned and coordinated key TechFest activities, including the Hackathon, Tech Talk sessions, and FIFA tournament, ensuring seamless event execution and participant engagement.
Intra-College IoT Competition	Winner	Secured first place by developing a Smart Parking System , an IoT-based solution designed to optimize parking space management through real-time monitoring and automated data processing.
IEEE NCIT Student Branch	Program Coordinator	Coordinated technical workshops, seminars, and networking sessions while actively engaging in professional development initiatives and knowledge-sharing activities.
Hackathon Orbit 2.0	Core Developer	Developed a Document Verification System in collaboration with a multidisciplinary team under strict deadlines, leveraging HTML, CSS, JavaScript, PHP, MySQL, and EasyOCR to detect fraudulent government documents and streamline verification processes.
TEDxNCIT	Sponsorship Team Member	Secured sponsorships and established partnerships with organizations, contributing significantly to event funding and stakeholder engagement.
CITC	Lead Organizer, Host, Designer	Led event operations by hosting sessions, designing promotional materials, organizing logistics, and providing technical support to ensure successful program delivery.
Leo Club of Kathmandu Bihani	Secretary	Managed organizational communications, coordinated club activities, documented meetings, and supported the execution of community service initiatives.
NCIT Football Championship	Winner	Won the inter-college football championship, demonstrating teamwork, leadership, discipline, and strategic decision-making in a competitive environment.
